

EFI ADAPTER PLATES FOR GMC SUPERCHARGERS

Designed to inject fuel into the opening of the supercharger. Fuel rails are utilized for high flow demands, to properly supply the injectors...individual hoses would not be adequate.

Billet 6061 aluminum, "show-quality polished." Custom color anodizing available. Standard 6-71 GMC bolt pattern or 14-71 bolt pattern. Custom made units are available.

Accepts up to 16 injectors. Any brand of dual o-ring EFI injectors can be installed by selecting the proper Kinsler universal boss inserts, see [Page 83-M](#). When less than 16 injectors are used, blank boss adapters can be installed or Kinsler #10193 blank EFI injector bodies can be used, see [Page 57-M](#). Machined for Kinsler billet fuel stanchions, available with aluminum or stainless steel fuel rails. Enderle, Hilborn, or Crower blower hats will bolt directly to the 6-71 EFI adapter, or you can install a cast four barrel adapter.

Open Style Adapter #16951, Fuel Rails, 8 Injectors, Remote TPS Adapter

Open style for 6-71 & 8-71 shown with our extruded aluminum fuel rails, Remote TPS with linkage, and Enderle Bugcatcher blower hat

Optional idle air control motor and remote housing #10662, see [Page 64-M](#)

- 16950 Open style, fits 6-71 & 8-71 supercharger, 16 injector
- 16951 Open style, fits 6-71 & 8-71 supercharger, 8 injector
- 16952 Dual 4-barrel style, fits 6-71 & 8-81 supercharger
- 16954 Open style, fits 14-71 supercharger
- 16956 Dual 4-barrel style, fits 14-71 supercharger
- 16960 Pair of EXTRUDED ALUMINUM fuel rail kit*, Fits 6-71 adapter #16950 and #16952, 16 injector
- 16961 Pair of EXTRUDED ALUMINUM fuel rail kit*, Fits 6-71 adapter #16951, 8 injector
- 16964 Pair of EXTRUDED ALUMINUM fuel rail kit*, Fits 14-71 adapter #16954 and #16956
- 16962 Pair of STAINLESS STEEL fuel rail kit*, Fits 6-71 adapter #16950 and #16952
- 16966 Pair of STAINLESS STEEL fuel rail kit*, Fits 14-71 adapter #16954 and #16956
- 7086 Billet aluminum remote TPS mount, ball bearing: For GM lever style sensor ONLY; TPS, throttle arm and hex link assembly sold separately, see [Page 51-M](#).
- 7087 Billet aluminum mounting plate to attach #7086 remote TPS mount on any of the above EFI adapter plates

* Kits include mounting stanchions, hardware, and AN fittings

Dual Four Barrel Adapter #16952 with two Kinsler High-Flow 4-barrel throttle bodies and extruded aluminum fuel rails, see [Page 15-M](#)
